Subject: Re: Pebble Mine FEIS Comment Letter and Briefing Paper

Julie/Robin,

Please let us know if Brittany's preference is to meet with us prior to tomorrow's leadership brief on this subject. That opportunity would normally have been during our Tuesday weekly check in but that was moved to Thursday.

Thanks, Rob

Kevin/Julie,

We've been advised by Chris' staff that the briefing on this project and the final letter is now scheduled for next Tuesday and only a small group of political leadership are on the invite (to which is attached their read-aheads). I believe the attachments that I added to this email are identical to the read-aheads that Brittany would have received in the meeting invite.....but forwarding so that you all have them for advance review as well.

R10 staff also indicated that they would provide us with a download the following day on the outcome of Tuesday's brief.....however, we'd certainly appreciate you all sharing any insight or action items that result if you are able to in advance of our Wednesday call with R10 staff.

Have a great weekend!

Thanks, Rob
